

## Kudelski Group profile

The Kudelski Group ([www.nagra.com](http://www.nagra.com)) is a world leader in the field of digital security. Its technologies are used in a broad range of applications requiring conditional access and rights management, either for ensuring secure data transfer (digital television, broadband Internet, video on demand, interactive applications, etc.) or for the control of access to sites and events by persons and vehicles.

Its conditional access and content security solutions are currently being used by more than 100 leading pay-TV operators worldwide securing content delivered to over 71 million active smart cards and devices.

Kudelski SA is headquartered in Cheseaux-sur-Lausanne, in Switzerland. Its stock is listed on the SWX Swiss Exchange.

Founded in 1951, the Group currently has more than 2 200 employees worldwide (including OpenTV), of whom close to 600 are located on the Cheseaux site.
