

Innovation as a key growth driver

The Kudelski Group is the world leader in the development and delivery of state-of-the-art technologies to secure the revenues of content owners and service providers for **Digital Television** and interactive applications across all network types.

Leveraging its long-standing expertise in securing digital content and fighting piracy, the Group is also a global provider of **Cybersecurity** solutions and services focused on protecting companies' and organizations' data and systems.

The Group is also a leading provider of **Public Access** solutions. The world's largest parking facilities, stadiums and mountain resorts use SKIDATA's integrated people and vehicle management solutions.
